

## **Methylation profiling report**

**Supplier information** 

Sample identifier: sampleName1573846375 Sentrix ID: 203057570030\_R04C01 Material type: **KRYO DNA** 

Gender: NA Supplier diagnosis:

Automatic prediction		
Array type:	EPIC	
Material type:	KRYO DNA	<b>~</b>
Gender:	female	
Legend: ✔ OK Supplier information or prediction not available		

#### Brain tumor methylation classifier results (v11b4)

Methylation classes (MCs with score >= 0.3)	Calibrated score	Interpretati	on
methylation class infantile hemispheric glioma	0.79	no match	X
Legend: ✓ Match (score >= 0.9) X No match (score < 0.9): possibly still relevant for low tumor content a quality cases.	und low DNA • Match to (score >:	MC family mem = 0.5)	ber

#### Class descriptions

Methylation class infantile hemispheric glioma: The methylation class "infantile hemispheric glioma" comprises tumors with widely varying morphology, commonly including features more typical of higher grade lesions especially glioblastoma. These tumors are located supratentorially, all cases so far were observed in infants; median age is 0 years (age range 0 to 1). Copy number alterations are scarce, and typical molecular features of this class are not currently known. The name given here is provisional.

### Copy number variation profile

Depiction of chromosome 1 to 22 (and X/Y if automatic prediction was successful). Gains/amplifications represent positive, losses negative deviations from the baseline. 29 brain tumor relevant gene regions are highlighted for easier assessment. (see Hovestadt & Zapatka, http://www.bioconductor.org/packages/devel/bioc/html/conumee.html)

# MGMT promotor methylation (MGMT-STP27)

MGMT promotor status prediction

(see Bady et al, J Mol Diagn 2016; 18(3):350-61)

#### **Disclaimer**

Classification using methylation profiling is a research tool under development, it is not verified and has not been clinically validated. Implementation of the results in a clinical setting is in the sole responsibility of the treating physician. Intended for non-commercial use only.
